

See why Mandurah is the capital of Christmas with the Mandurah Christmas Lights Trail 2020. This year the decorations are bigger and better – with the emphasis on bigger!

Visit Santa and his elves at Mandjar Square from 6pm to 9pm each evening and put in your order for Christmas. If you don't want your photo taken with Santa, take a photo of you as Santa. You'll find Santa's Delivery Photo Opportunity in Tuckey's Lane. Santa has also left mailboxes in Mandjar Square so you can drop him a line.

Keep an eye out for roving carollers and street performers Friday and Saturday nights, as well as pop up activities and activations.

TIPS TO MAKE THE MOST OF YOUR EXPERIENCE:

- The Christmas lights come alive around 7:30pm-8pm each night
- Support local business and grab drinks, snacks or dinner on your way along the trail.
- Follow the signage – some installations can be climbed on (like the train!) but many are too fragile.

Pick a path with these selected trails or go for a wander and choose your own adventure:

FAMILY FUN

Look for the big Santa on the Eastern Foreshore and hit the playground. Have a picnic as the sun sets and keep an eye out for the train! Stop along the way at one of three kid's craft stations and make crackers, baubles or snow globes (do them all in one night, or go back every week). Don't forget to grab yourself an ice-cream before going home.

BY WATER

All aboard a Christmas cruise for a unique view of the Christmas lights, and one you won't get anywhere else. Not only can you experience all the Christmas Lights Trail has to offer but boats get bonus lights, with the largest display of canal lights in the country.

INSTAFAMOUS

Once the light is right, get snapping. Wish upon a (selfie) star at the Marina and work your way past the ship and towards the colourful Kombi near the cinema. Stop for a sneaky drink or keep going until you find the selfie wreath. We can also recommend the bauble on the Eastern Foreshore. Don't forget to add **#mandurahmoments**.

TRADITIONAL

Don't miss a thing with a 30-40 minute walk from one end of the Christmas Lights Trail to the other. Start at the foreshore/bridge and look down for signs pointing you to the Marina. Stop on the way for fish and chips or a coffee and cake.
