Peel Sports Forum 2022

Volunteering in today's world

This annual event delivers education, training and professional development to the Western Australian sport and recreation sector.

This event will allow you to network with others from the industry and focuses on volunteering in today's world and how sports and clubs can adapt. Learn more about what motivates youth to volunteer and what clubs can do to attract them. Hear a live example of a great success story on how to grow your club's membership and volunteers, and what are the characteristics of successful clubs.

This year's guest speaker is Ben Popham, Paralympic swimmer and dual gold medallist. The program also includes a State Sporting Association Panel Discussion facilitated by MC, author, poet and sports commentator Mick Colliss. The panel members include representatives from basketball, cricket and netball.

Engage with some athletes who have been selected to the Peel Regional Academy of Sports (PRAS) Talent Development Program and how it's helped them excel in their sport.

A humorous presentation to conclude the program from Mick Colliss. Listen to his story of realising his dream, about mateship, having a go and never giving up.

Ben Popham, guest speaker at Peel Sports Forum

Friday 25 March 2022
9am – 2pm

Registrations open 8.30am
